DETAILED ACTION

1. Claims 1-20 are presented for examination.
2. Applicant's election without traverse of claims 12-20 (Species III), in the reply filed on May 10, 2006 is acknowledged. Claims 1-11 are withdrawn from consideration.
3. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed. The current title is imprecise.

Drawings

4. The drawings are objected to because Figure 1 should be labeled as "Figure 1A". Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

5. Claims 13-20 are objected to because of the following informalities:

In claims 13-20, line 1, "a system" should be --the system--.

Appropriate correction is required.

Conclusion

6. This application is in condition for allowance except for the following formal matters: the objections to the drawings, the specification and the claims set forth above. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
